

UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF SOUTH CAROLINA
CHARLESTON DIVISION

The Sustainability Institute, *et al.*,

Plaintiffs,

v.

Donald J. Trump, in his official capacity as
President of the United States, *et al.*.

Defendants,

C.A. No. 2:25-2152-RMG

DECLARATION OF THE CHIEF OF STAFF
OFFICE OF THE SECRETARY OF AGRICULTURE
KAILEE BULLER

I, Kailee Buller, declare under penalty of perjury the following:

1. My name is Kailee Buller. I make this declaration based upon the knowledge that I have acquired through the performance of my official duties.
2. I am the Chief of Staff of the Secretary of the U.S. Department of Agriculture, within USDA's Office of the Secretary, and I am stationed in Washington, D.C. As the Chief of Staff, my duties include, among other things: supporting the Secretary by managing her schedule and daily tasks; coordinating between departments and agencies to ensure effective communication and collaboration; facilitating decision-making processes by providing analysis and recommendations; supervising staff and ensuring smooth operation of the Secretary's office;

monitoring and reporting on progress toward departmental goals and objectives; representing the Secretary at meetings, events, and other functions as needed; conducting research and preparing reports on relevant issues and topics; serving as a liaison between the Secretary and stakeholders, including elected officials, community leaders, and the media; managing special projects and initiatives as assigned.

3. In the exercise of my official duties, I have been made aware of this lawsuit.

4. I submit this declaration in response to the Court's April 29, 2025, Order directing Defendants to supplement their privilege logs and documents to be submitted to the Court under seal and *ex parte* for *in camera* review.

5. I am authorized to invoke the deliberative process privilege on behalf of USDA in connection with the emails and draft memorandums found at USDA000001 to USDA000101 produced in this lawsuit.

6. In my official capacity as Chief of Staff of the Secretary of Agriculture, I have personally reviewed the complete, un-redacted documents, which the Agency filed (Dkt. No. 77) with the USDA's response to the Court's Order dated April 29, 2025 (Dkt. No. 146). Based on my review of the relevant documents, I have determined that the following documents submitted with and discussed within this Declaration were created as part of USDA's decision-making process and reflect the deliberative process undertaken by USDA in developing and implementing USDA policies on grant awards, as well as other policy deliberations, that occurred from February 17, 2025 to February 28, 2025.

7. The documents found at USDA000001 to USDA000101 consist entirely of emails and draft memorandums as email attachments. To assist the Court in assessing the deliberative nature of the discussions these emails contain, I identify and describe them by category, with each

category identified by the applicable file name and subject of the emails. None of these documents reference the Plaintiffs. Instead, they reflect high-level interagency and interagency discussions between the USDA Office of the Secretary, the USDA Office of the General Counsel, and the Department of Governmental Efficiency on terminating grants. I understand that privileges other than the deliberative process privilege protect these documents from disclosure, including the attorney-client privilege and the attorney work product doctrine. These privileges, and their applicability to the documents described below, are beyond the scope of my declaration, which I provide solely to discuss the predecisional and deliberative nature of the discussions those documents contain.

8. **Category 1 of documents with the file name “Re: Connecting.”** Provided at USDA000001-USDA000002; USDA000006-USDA000007; and USDA000050-USDA000051. The discussions, recommendations, and opinions contained on these pages were generated before and in contemplation of the final decision by the Office of the Secretary to direct the agencies to terminate grants in accordance with departmental guidance. These discussions, recommendations, and opinions were prepared as part of a deliberative dialogue between the agency’s Acting General Counsel and DOGE’s attorneys regarding cost cutting and other initiatives at USDA, the appeals process and statutory required processes available to grantees challenging USDA’s termination of grants, the process for terminating grants, and complying with current temporary restraining orders issued in litigation.

9. Based on my review of the documents, I have determined that the disclosure of the discussions, recommendations, and opinions contained on these pages would inhibit the agency’s decision-making process by exposing the candid thoughts and opinions of agency employees regarding their subjective views about the meaning of facts and the legal theories possibly

applicable to this case. As such, in addition to other applicable privileges, I invoke the deliberative process privilege over these records.

10. **Category 2 of documents with the file name “Re: Agency Priority Memo on Climate Grants.”** Provided at USDA000003-USDA00005; USDA000014-USDA000016; USDA000028-USDA00030; USDA000043-USDA000045; USDA000062-USDA000066; USDA000081-USDA000083; and USDA 000095-000097. The discussions, recommendations, and opinions contained on these pages were generated before and in contemplation of the final decision by the Office of the Secretary to direct the agencies to terminate grants in accordance with departmental guidance. These discussions, recommendations, and opinions were prepared as part of a deliberative dialogue between the agency’s Acting General Counsel, USDA DOGE Team employees within the Office of Secretary, and DOGE’s attorneys regarding draft bases for termination, a draft Secretary’s memorandum, and draft termination directives.

11. Based on my review of the documents, I have determined that the disclosure of the discussions, recommendations, and opinions contained on these pages would inhibit the agency’s decision-making process by exposing the candid thoughts and opinions of agency employees regarding their subjective views about the meaning of facts and the legal theories possibly applicable to this case. As such, in addition to other applicable privileges, I invoke the deliberative process privilege over these records.

12. **Category 3 of documents with the file name “Re: Grants cancellations in process.”** Provided at USDA000011-USDA000013; USDA000038-USDA000040; USDA000052-USDA000053; USDA000067-USDA000068; USDA000070-USDA000074; USDA000077-USDA000078; and USDA000088-USDA000094. USDA000040 is a blank page and USDA000068 contains language from an email disclaimer. The discussions,

recommendations, and opinions contained on these pages were generated before and in contemplation of the final decision by the Office of the Secretary to direct the agencies to terminate grants in accordance with departmental guidance. These discussions, recommendations, and opinions were prepared as part of a deliberative dialogue between the agency's Acting General Counsel, USDA DOGE Team employees within the Office of Secretary, the Office of the Secretary, the Office of the Chief Financial Officer, and DOGE's attorneys regarding draft termination letters, draft Secretary's memorandum, potential appeals issues, and federal register notice requirements.

13. Based on my review of the documents, I have determined that the disclosure of the discussions, recommendations, and opinions contained on these pages would inhibit the agency's decision-making process by exposing the candid thoughts and opinions of agency employees regarding their subjective views about the meaning of facts and the legal theories possibly applicable to this case. As such, I invoke the deliberative process privilege over these records.

14. **Category 4 of documents with the file name "Re: Grant Cancellation."** Provided at USDA000021-USDA000027; USDA000054-USDA000056; and USDA000058-USDA000059. 15. Based on my review of the documents, I have determined that the disclosure of the discussions, recommendations, and opinions contained on these pages would inhibit the agency's decision-making process by exposing the candid thoughts and opinions of agency employees regarding their subjective views about the meaning of facts and the legal theories possibly applicable to this case. As such, I invoke the deliberative process privilege over these records.

16. **Category 5 of documents with the file name “FW: Privileged and Deliberative – Draft Termination Documents.”** Provided at USDA000031-USDA000037. The discussions, recommendations, and opinions contained on these pages were generated before and in contemplation of the final decision by the Office of the Secretary to direct the agencies to terminate grants in accordance with departmental guidance. These discussions, recommendations, and opinions were prepared as part of a deliberative dialogue between the agency's Office of General Counsel, USDA DOGE Team employees within the Office of Secretary, the Office of the Secretary, and DOGE's attorneys regarding draft termination letter, appeal language, the need for *Federal Register* documents, and draft Secretary's memorandum.

17. Based on my review of the documents, I have determined that the disclosure of the discussions, recommendations, and opinions contained on these pages would inhibit the agency's decision-making process by exposing the candid thoughts and opinions of agency employees regarding their subjective views about the meaning of facts and the legal theories possibly applicable to this case. As such, in addition to other applicable privileges, I invoke the deliberative process privilege over these records.

18. **Category 6 of documents with the file name “Grant Termination.”** Provided at USDA000048-USDA000049; USDA000057; USDA000060-USDA000061; and USDA 000075-USDA000076. The discussions, recommendations, and opinions contained on these pages were

19. Based on my review of the documents, I have determined that the disclosure of the discussions, recommendations, and opinions contained on these pages would inhibit the agency's decision-making process by exposing the candid thoughts and opinions of agency employees regarding their subjective views about the meaning of facts and the legal theories possibly applicable to this case. As such, in addition to other applicable privileges, I invoke the deliberative process privilege over these records.

20. **Category 8 of documents concerning drafts of Secretary's Memorandums.**
